[TradeStation University](#)

TradeStation is committed to providing timely and relevant educational content to our clients. Our goal is simple: to help users take full advantage of TradeStation's unique and powerful features including advanced analysis and order execution capabilities as well as strategy back-testing and automation.

[School of TradeStation Basics](#)

The School of TradeStation Basics is a comprehensive educational resource to get clients up and running with TradeStation's analysis and trading tools quickly and easily.

[School of Strategy Trading](#)

The School of Strategy Trading concentrates on educating the client on strategy trading, development, backtesting, performance evaluation, optimization, and strategy automation.

[School of EasyLanguage](#)

Since EasyLanguage is the programming language that drives all of the analysis in TradeStation this school helps clients learn this skill. It is designed to help all levels of programmers, including beginning courses for first time non-programmers.

[School of Markets](#)

The School of Markets and Trading provides many informative articles related to trading and the different market segments, including: stocks, futures, forex, bonds, options, and mutual funds.

Video Tutorials

These video presentations offer a detailed explanation of TradeStation features and functionality. Most of the video tutorials offer a retractable table of contents allowing the viewer to jump to different sections of the video. They are video tutorials for all four schools in the TradeStation University. The video tutorials for the School of TradeStation Basics are grouped in five categories: Platform, Trading, Charting, Scanning and Data Analysis Tools.

The screenshot displays the 'Platform' section of the 'Video Tutorials' page. On the left, a sidebar lists navigation options: Platform, Trading, Charting, Scanning, Data Analysis Tools, OptionStation Pro, Quick Tips, Books and Downloads, and Events. The main content area is titled 'Platform' and includes a 'Title: A-Z' dropdown menu. Below this, five video entries are listed, each with a 'PLAY MOVIE' button and a duration:

- Backup and Restore Your TradeStation Work** (Duration: 5:43)
- Getting to Know Your Desktop** (Duration: 9:06)
- Symbol Lookup** (Duration: 6:27)
- Toolbar Customization** (Duration: 5:51)
- Window Linking** (Duration: 8:00)

QuickTips

These are short, narrated video demonstrations spotlighting powerful TradeStation platform features. QuickTips are grouped in three categories: Market Analysis, Order Entry and TradeStation Environment.

The screenshot displays the 'Trading' section of the 'Quick Tips' page. The sidebar lists navigation options: Featured, Trading, Charting, Scanning, Other Tools, Strategy Trading, EasyLanguage, Books and Downloads, and Events. The main content area is titled 'Trading' and includes a 'Title: A-Z' dropdown menu. Below this, three video entries are listed, each with a 'PLAY MOVIE' button and a duration:

- How to analyze trading performance using the TradeManager Analysis** (Duration: 1:55)
The TradeManager Analysis window helps you analyze your trading performance. Trades are compiled from one or more accounts and a profit and loss report is generated.
- How to attach a stop loss to an entry using OSO orders** (Duration: 2:26)
With Order Sends Order (OSO), you can place protective exit orders at the same time as entry orders.
- How to create multi-symbol orders using a custom OSO** (Duration: 2:45)
The ability to trade multiple symbols simultaneously can help you manage your trades more efficiently. Create a custom OSO to send orders for different symbols.

Books

The TradeStation University offers a growing variety books in PDF and printed format on the TradeStation platform, strategy trading, EasyLanguage, as well as information on trading the various market asset classes.

These free books are written by our Client Education team and by select industry professionals. The goal is to provide a wide range of additional educational content to help you expand your knowledge and skill with the TradeStation platform, strategy trading and market analysis.

Articles

The School of Markets offers educational articles on a vast variety of topics. These range from understanding and trading specific asset classes to portfolio diversification.

Morning Market Briefing

Morning Market Briefing is a special pre-market online briefing presented each weekday morning from 9:00 to 9:30 a.m. ET. Each briefing is hosted by one of our renowned guest contributors, each a well-known independent trader and will offer his or her own technical analysis and outlook on markets for the upcoming trading day. Whether you trade stocks, ETFs, futures or forex, this daily briefing will help you gain insight into how professional traders assess the markets and set up their trading day. Each contributor brings to the table a different set of skills and perspectives on trading and market analysis. Whatever your level of trading, each session is designed to offer a fresh new way of looking at the trading day ahead.

TradeStation Client Center

The Client Center allows you access your account activity, modify your customer profile, transfer funds between accounts and access help resources. It also gives you access to Web Trading to place trades and manage orders using a web browser.

The screenshot shows the TradeStation Client Center website. At the top left is the TradeStation logo and 'CLIENT CENTER'. To the right, it says 'Hello, Jesus Nava' and has buttons for 'ADD AN ACCOUNT' and 'PLACE A TRADE'. Below this is a navigation bar with tabs: 'CUSTOMER PROFILE', 'ACCOUNTS', 'TRANSFER FUNDS', 'DOWNLOAD SOFTWARE', 'DOCUMENT LIBRARY', and 'SUPPORT'. The main content area has a breadcrumb trail 'Client Center' and a large banner that says 'WELCOME TO TRADESTATION CLIENT SERVICES' over a close-up of a person's eyes. To the right of the banner are several utility links: 'CONTACT US for more information', 'DOWNLOAD TradeStation Platform', 'CLIENT NEWS', and 'SYMBOL LISTS'. Below the banner, there are three main sections: 'Expand Your Trading' with sub-sections for 'Morning Market Briefing - A Daily Online Webinar', 'TradeStation Labs Spotlight On Events', and 'TradeStation Strategy Network'; 'Quick Links' with a list of actions like 'Change Your Username or Password', 'Add/Remove Optional Platform Features', 'Add/Remove Optional Data Services', 'Tax Center', 'Easy to Borrow List', 'Threshold Securities List', and 'Special Margin Requirements List'; and two promotional boxes: 'TRADESTATION Test Program' with a 'Register Today' button, and 'SIMPLIFY YOUR TAX REPORTING' with 'SAVE 25% on GainsKeeper Software' and a 'SUBSCRIBE TODAY' button.

TradeStation Web Trading

Use Web Trading to place trades, manage orders, create graphs, insert indicators and monitor quotes, balances, positions and orders.

TradeStation Community

The TradeStation Community allows you to stay in touch with other TradeStation users and receive support from Client Services and EasyLanguage representatives. It allows you to ask questions, discuss topics of interest and download custom EasyLanguage work into your TradeStation platform.

The screenshot shows the TradeStation Community website. The header features the text 'TRADESTATION COMMUNITY' in large, bold letters, with a background image of a person interacting with a digital interface. Below the header, there are two main sections. The left section is titled 'TradeStation Wiki' and includes the text: 'Read tips, tricks, and how-to written by other TradeStation users.' It also mentions that the Wiki provides support for users through a continuously maintained online knowledge base. Below this text are 'Wiki Categories' listed as 'TradeStation Platform Wiki' and 'EasyLanguage Wiki'. The right section is titled 'Discussion Forums' and includes the text: 'Join in conversation with other traders and uncover new trading ideas.' It also mentions that users can participate in discussions about trading through the TradeStation Platform, technical analysis, building strategies, money management, EasyLanguage, and more. Below this text are 'Popular Forum Categories' listed as 'TradeStation and EasyLanguage Support', 'EasyLanguage File Library', 'Strategy Backtesting, Analysis, Trading and Automation', and 'View All'. There are also small images of people interacting with a laptop and a group of people in a meeting.

TradeStation TradingApp Store

The TradingApp Store brings together TradeStation developers and allows them to showcase their products to the TradeStation community. It allows you to test their offerings and rate their usability. Many of these products are free and others will offer you a free trial. These products are downloaded into your TradeStation platform and your subscriptions may be managed from the TradingApp Store.

The screenshot displays the TradeStation TradingApp Store interface. At the top, there is a search bar and an "OPEN AN ACCOUNT" button. Below this is a navigation menu with tabs for "FEATURED", "POPULAR", "CATEGORIES", "SHOWCASES", "DEVELOPERS", and "SUBSCRIPTIONS".

The main content area is divided into four sections:

- Trending Subscriptions:** Lists three free products: "Larry Williams Free Trading Tool..." (3 stars), "Free Square" (3 stars), and "Fibonacci Channel Indicator" (5 stars). Each has an "Install" button.
- Popular Products:** Lists three free products: "Larry Williams Free Trading Tool..." (3 stars), "Fibonacci Channel Indicator" (5 stars), and "TWM-VIX Lines Vola Band" (1 star). Each has an "Install" button.
- New Products:** Lists three paid products with free trials: "!QCL.MyIndex" (\$19/mo, 1 star), "OptionsX" (\$49/mo, 1 star), and "Gold Rush" (\$149/mo, 5 stars). Each has a "Subscribe" button.
- Highest Rated:** Lists three paid products with free trials: "STAR-ES-2" (\$99/mo, 9 stars), "TicketManager" (\$249/mo, 5 stars), and "Alchemy TrendCatcher Indicators" (\$49/mo, 5 stars). Each has a "Subscribe" button.

Each section includes a "more" link at the bottom.
